INMARSAT MARITIME

FleetBroadband

Vessel satellite service for voice and data.

At a glance

- FleetBroadband is a service used with compatible maritime terminals.
- Terminal families include FleetBroadband 150, 250 and 500.
- Terminal selection and service plan affect available data options.

What to include in your enquiry

Share vessel type, routes, current terminal and antenna, crew size and expected usage. Ask which configuration suits your vessel.

Confirm availability, coverage and plan terms for your intended use. Where quoted, manufacturer maximums depend on conditions.
