IRIDIUM

Iridium GO!

Portable satellite access device for compatible smart devices.

At a glance

- Supports satellite voice and messaging through supported apps.
- Iridium lists wireless connections for up to five devices.
- Check app and handset compatibility before deployment.

What to include in your enquiry

Share the number of users and the apps you need. Ask about power, airtime and the practical limits for data-intensive applications.

Confirm availability, coverage and plan terms for your intended use. Where quoted, manufacturer maximums depend on conditions.
